ELOQUENT ORATORS

Silver-Tongued Orators Will Address
the Multitudes Assembled at
Labor's Unequaled
Event.

The Labor Day Parade will form on
Boulder near Second street promptly
at 9 o'clock. Thousands of visiting
union labor men from Muskogee, Sa-
pulpala, Bartlesville, Pawhuska, Bris-
tow, Skiatook and other cities will be
given a place of honor in the line.
One thousand people are expected
from Muskogee alone, while a large
delegation of railroad men is coming
from Sapulpa, besides many other
craftsmen.

The Farmers' Union will be on
hand, several hundred strong.
In the parade practically every busi-
ness interest in the city will be re-
presented by a suitable float. A na-
tional float has been prepared by the
Trades Council.

The parade will be headed by the
Merchants Band, of Muskogee. The
Commercial Club band, of this city
will march at the head of the second
division.

Tom Swearingen, a member of the
Carpenters' Union, will be the mar-
shal of the day, and Miss Caroline
Trundle, the charming young sales-
lady at Beane-Vandever's will be the
Labor Day Queen.

The parade will traverse the fol-
lowing line of march. South on Boul-
der to Fifth street, thence east to
Main, thence north on Main to North
Third, where it will swing to the
west to Owen's park, which will be
the scene of the exercises.

Everything is ready at Owen's park.
All last week, a committee on ground
arrangements worked faithfully and
saw their labors completed only yester-
day afternoon.

The chief attraction will be the
speaking. Judge George H. Walker,
of Ardmore, Senator T. P. Gore, of
Lawton, democratic aspirant for the
United States senate, and Judge
Clark, of this city, and other promi-
nent orators, will deliver addresses
afternoon and evening.

For the amusement of those on
whom the oratorical flights may pall
various games and contests, with
prizes attached, will be offered. Then
there will be music by two great
bands, which of itself should prove at-
traction enough for one day.

The business portion of the city
was a mass of decorations preparatory
for Labor Day last night and the
residence district will be profuse-
ly decorated early tomorrow morn-
ing.

The men of gbrown. It is the one day
which they should and do celebrate.
It symbolizes emancipation from the
thralldom under which the laborers
of the ages were compelled to pass
their existence.

Ill fares the land, to hastening ill a
prey.
Where wealth accumulates and men
decay.
Princes and lords may flourish or may
fade.
A breath may kill them as a breath
has made;
But the brave toilers, their country's
pride,
When once destroyed, can never be
supplied.

ALL QUIET AT GOLDFIELD PRIOR TO BIG FIGHT--GANS BETS HIGH HE WILL WIN

Goldfield, Nev., Sept. 1.—Matters were quiet in pugilistic circles
today. Little was heard in the training camps in relation to the weighing
squad, and the incident appears to have been forgotten in the growing
interest over the results of the championship battle which is now but 48
hours off.

Nelson transferred his quarters to the Arena this afternoon, and he
will taper off his conditioning at the ringside until the call of time.
Following are the men who have been selected to act in the Danes'
Corner on Labor Day: Tim McGrath, Johnnie Reid and Bobbie Lundie.
Nolan will act as chief advisor to these men.

Joe Gans today sent a message to John Kelly in New York to bet
all he could at the prevailing odds that he would defeat the Hegewich
fighter, on Monday next.

HONORED EMPEROR BILL

David R. Francis Presents Medals to
German Ruler.

Berlin, Sept. 1.—General Barry and
his party, Lieutenant Commander
William L. Howard, naval attaché to
the American embassy, and several
other Americans attended the annual
military dinner here this evening on
the invitation of Emperor William.
Haldane, British secretary of state,
was also present. There was a gala
performance at the theater after the
dinner.

David R. Francis, at the request of
the emperor, arrived at the palace
twenty minutes before the dinner in
order to present medals and diplomas
awarded in recognition of his services
for the St. Louis exposition. His
majesty expressed great admiration
for the medals and diplomas and he
praised the designs and execution of
the work. He said he would treasure
them in the family archives. He also
expressed the hope that Germany's
participation in the exposition not
only would increase trade between
the two countries, but would promote
good feeling between the people.

The emperor said he was gratified
to learn that the people of the United
States took so much interest in
him and regretted that it was im-
possible for him to visit America.
The gold medal presented to the em-
peror is a massive affair designed by
Weinman, and struck at the Phila-
delphia mint. The other medal is of
bronze and was presented to the em-
press in recognition of her charitable
work.

After dinner, the emperor engaged
General Barry and General Duval in a
long conversation.
Mr. Francis will leave here tomor-
row for Vienna. He expects an audi-
ence with Emperor Francis Joseph
between September 5 and September
10.

Mrs. L. C. Pruitt and daughter,
Gus, are at home from Sulphur, where
they have been visiting for the last
three months.

A FATAL MINE ACCIDENT

ONE KILLED AND FOUR INJURED

Boulders Fell from Roof, Causing Fa-
talities at Joplin.

Joplin, Mo., Sept. 1.—Frank Hen-
ley, a miner 25 years old, was instan-
tly killed and four fellow workmen
were seriously injured by boulders
falling from a roof of drift in the
Jersey mine at Alba, a small mining
camp northwest of here, today. The
section of the roof which fell was
three feet in thickness, forty feet
long and the full width of the drift.

A New Millinery Expert.

Miss Haydon, of Kentucky, has ac-
cepted the position of head milliner
at the big Crawford Mercantile stores
and is now in charge. Miss Haydon
knows all about ladies' headwear
and is meeting with general favor by
the patronage of Tulsa. The store
has also added another dressmaker to
its ladies' department.

PUBLIC TELEPHONE FREE TO EVERYBODY AT THE WORLD REST ROOM ON THE GROUNDS TOMORROW

Labor Day will be fittingly observed by the splendid citizenship of Tulsa, and the World will con-
tribute its mite toward the mammoth celebration. The management of the World has arranged for a
local and long distance telephone upon the Labor Day grounds. The phone will be in the World booth
and will be free of access to the entire public. Chairs will be placed, water tanks arranged and other
conveniences for the visitors to the Labor Day grounds will be established. If you wish to talk to
people in Tulsa or in other cities, you will find a representative of the World at your service in the
World booth. The World will participate in the Labor parade and has arranged for electrical decora-
tions Labor night. A program of the events of the day may be procured at the World booth and an inform-
ation bureau free of charge will be maintained at the World booth.

PLAN BIG CELEBRATION.

Tulsa Woodmen Will Outdo Them-
selves at Next Year's Event.

Tulsa Woodmen say that they will
have a crowd at the next annual log
rolling which will be held in this city,
besides which that at Muskogee last
week will not be one, two, three. The
boys are already in preparation and
by the time the big event rolls around
will be in shape to care for the mam-
moth attendance with nothing left un-
done that would add to the splendor of
the occasion.

The local lodge has a membership of
350, the largest in the territory.

A CHANGE IN BUSINESS.

J. M. Hayner Buys a Half Interest
in Robinson Billiard Hall.

J. M. Hayner, formerly a traveling
salesman in the employ of the Rat-
cliff-Sanders Grocery company, of this
city, has purchased a half interest in
the Robinson billiard parlors, of S.
J. Jewell, and takes immediate charge.
Mr. Hayner and Mr. Ladd will also
be associated together in a realty busi-
ness and will maintain offices in the
front of the billiard rooms. Both
members of the firm have a wide ac-
quaintance in the city and territory
and are square and clever young busi-
ness men. Their success is a fore-
gone conclusion. Mr. Ladd will con-
tinue as the popular day clerk at the
Robinson hotel. Mr. Jewell will con-
fine himself strictly to the business as
proprietor of the Headquarters Meat
and Produce company. The increas-
ing trade at the latter place was his
cause for disposing of his interest
in the billiard parlors.

HE HAD TO MOVE HIS BED.

Col. Mowbray Formerly Slept in Two
Delegated Districts at Once.

The following story is told on Col-
onel George Mowbray. His bedroom
at his beautiful residence on North
Main street is situated on the divid-
ing line between the Creek and Chero-
kee nations. When the colonel would
retire at night he would lie with his
head in the Cherokee nation and his
feet on the Creek side. In order to be
included in the 68th delegate dis-
trict it became necessary for him to
move his bed to the south side of
the room. Now he slumbers head and
foot in the Creek nation.

W. T. Brady Resigns One Job.

W. T. Brady, finding by the district
lines that he was in the Collinsville,
or 63rd district, has resigned as chair-
man of the city democratic organiza-
tion and is succeeded by J. L. Kirk-
patrick.

FATHER ILLDEPHONE ILL.

Will Be Taken to Hospital at Okla-
homa City Today.

Father Illdephone, priest of the
Holy Family Catholic church, is quite
ill, threatened with malarial fever.
His condition is such that he will be
taken to the hospital at Oklahoma
City today. Dr. Daly will accompany
Father Illdephone to the state me-
tropolis.

THE WEATHER.
Washington, D. C., Sept. 1.—
Greater Oklahoma: Thunder
showers Sunday and Monday.

ALL SAPULPA COMING.

Sapulpa, Sept. 1.—The boys
at the Frisco shops are planning
for a big representation at the
Labor Day celebration in Tulsa.
They will go in a body, ninety
strong, and all uniformed. The
painters, machinists, boiler-mak-
ers, iron workers and all the or-
ganizations will be in the bunch.
They will all wear Sapulpa bad-
ges, of course, and carry huge
banners with "Sapulpa" in big
letters.

THE DIGNITY OF LABOR IS TO BE RECOGNIZED UNIVERSALLY IN TULSA

MAYOR'S LABOR DAY PROCLAMATION

In the course of human events, it falls to me as mayor of this
splendid city of Tulsa to proclaim to the people the import of a
proper observance of Labor Day, therefore,
It is the will of the chief executive of Tulsa that all loyal citi-
zens faithfully observe the day, lay aside business cares, and join
with the great army of united union laborers in celebration
of Labor Day, Monday, September 3, 1906. To which I hereby
fix my hand.

JOHN O. MITCHELL, Mayor.

VIEWED BY THOUSANDS.

Shackle's Unique Window Display
Scores a Popular Hit.

While speaking of the many attrac-
tive and well decorated fronts and
windows for the Labor Day Carnival,
there is none that appeals so strongly
to the working man as that of the
drug store of Thomas Shackle,
who has spent time and money in a
way that will show conclusively that
his store has always been a place
for the laborer and his friend.

The north window is devoted entire-
ly to tobacco displays and it shows
the plant in its various stages before
it is made up into these long cool
smokes that are so much sought after
by men, the natural leaf carefully
dried, later mixed with a clear Ha-
vana filler and finally rolled up into
a cigar that equals any that ever
came under a manufacturer's gaze.

The brands are the "204," "Little
Tulsa," "The Eagle," "Clendenin,"
"Hein's Special" 10 cent grade.
Plaques hang from every point of
view, and call the attention of the
most fastidious to the fact that there
is a much sought after article and
that the goods are the best. Observe
the careful decoration in its detail
and ask yourself if Shackle does
not handle the best of everything and
assures his customers satisfaction.

The window to the south with its
countless bottles of domestic and im-
ported perfumes, colognes, toilet wa-
ters, powder puffs and many other
toilet articles so much in demand by
the ladies in dainty boudoirs ap-
peal to the fair ones as they pass and
after an ardent admiration of the view
of the chrysanthemum festooning,
they are wont to pass on inside and
purchase from the choice selection,
from the most up-to-date drug store
in the southwest. Remember Labor
Day it is Shackle Drug company, the
East Side druggist who keeps every-
thing in the drug line and whose
name is known throughout the new
state as "The Druggist."

TWELVE ARE ENTOMBED

ALL ARE BELIEVED DEAD.

Will Require 34 Hours to Dig Down
to the Men.

May King, Ky. Messages from
Mud Lick mines say that twelve min-
ers are entombed in the Mud Lick
Mines. It is believed the
men are dead. A large party of res-
cuers are at work removing the dirt
which blocks the passage to the in-
terior of the mine. It will require
thirty-four hours to remove this dirt.

The rooms on the fifth floor of the
new Bank building are filling up just
as rapidly as completed. Yesterday
Dr. O. A. Stewart moved into his
new office rooms, Nos. 501 and 502.
Dr. Stewart is a graduate of the den-
tal department of the Western Uni-
versity of Pennsylvania, at Pitts-
burg, and comes to Tulsa highly re-
commended. He has all the latest
appliances for the practice of his
profession and no doubt will be very
successful.

GERMAN SCIENTIST MAKES IMPORTANT DISCOVERY IN ANIMAL CANCER BACILLI

Berlin, Sept. 1.—Dr. Otto Schmidt, of Colon, has succeeded in mak-
ing cultures of cancer bacillus in certain mildew forming on plants. When
transferred to animals, the bacillus caused genuine cancer. In an inter-
view with the correspondent of the Lokal Anzeiger, Dr. Schmidt said: "I
am the first man to prove that cancer can be artificially produced on
animals."

Dr. Schmidt showed the correspondent several animals with cancer
communicated through injection. He declared that a remedy for cancer
is now possible. Since he discovered the bacillus Dr. Schmidt has been
experimenting with the remedy and it has given good results, but appar-
ently, a cure is only possible when the case is but little advanced. Where
the ulceration was old, however, the disease was brought to a standstill,
and the condition of the patient showed great improvement.

AN IMMENSE PAGEANT WILL
MOVE THROUGH STREETS
OF CITY WITH STATE-
LY PRIDE.

QUEEN OF LABOR

Beautiful Princess Surrounded by
Fairy Ladies in Waiting Will Res-
pond Graciously to the Plaudits
of the Multitude.

The dignity of labor will be recog-
nized universally in Tulsa tomorrow.
Every occupation in the city will be
laid aside for twenty-four hours, and
the entire city, rich and poor, exalted
and meek, will join the general cele-
bration. The doors of every store and
every office will be closed for the event,
and all will join hands and make
the occasion one long to be remembered
in the annals of Eastern Oklahoma.

It is right, just and proper that this
fitting tribute should be paid to La-
bor. On Labor the world depends.
It is by labor and through labor that
all the greatness of the world comes
to pass. Labor applies the torch that
blazes the way to all earthly glory.
Without labor the kings and queens
of earth were as worms in the dust.
Too much is asked of labor in fact,
and its holidays are only too infre-
quent.

One of the greatest features of to-
morrow's big event will be the float
of the Labor Day Queen. In that
conveyance a beautiful young woman will
impersonate the Princess of Labor,
and be surrounded by a myriad of
children, forming a picture of fairy
ladies-in-waiting, charming to behold.
It will be an inspiring sight, and will
call forth bursts of patriotic cheers
from the multitudes which will line
the path of the grand pageant.

Brilliant orators will expound the
beauties of the life by the sweat of
the brow, and military bands will
stir the blood to quicker pulsation.
A grand time is promised to all who
come to Tulsa tomorrow.

MOTHER JONES' CAMPAIGN.

Socialist Agitator Will Make Ad-
dresses in Indian Territory.

Durant, I. T., Sept. 1.—Mother
Jones, of Philadelphia, who is well
known from Maine to California, as
a socialist agitator of great promi-
nence, was greeted at Shuler Park last
night by a large and enthusiastic au-
dience, many of the people coming
from a distance. The speaker was
introduced by R. M. Coon. Mother
Jones in her address principally tal-
ked upon the labor struggles which
her party declares is in existence.
She is a fluent talker and is very em-
phatic in her denunciations. Her re-
marks were at all times heartily ap-
plauded. She will leave today for
Madrid, where she will address a so-
cialist meeting tonight.

Soem Fine Fruit.

C. C. Hoyt, a resident of the Pe-
cos Valley, New Mexico, has on ex-
hibition in the windows of the Clark
& Jones real estate office, some fine
fruit which was raised in the Pecos
Valley. Included in the display are
a number of varieties and they cer-
tainly look good, just as finevbgkaj
taining look good. However, just as
good fruit is found in the Indian Ter-
ritory, although it probably does not
command so much mention on account
of the great multiplicity of other pro-
ducts here.
